BrightTV Presentation Viewership Analytics & Strategic Overview

Mokone Mpho

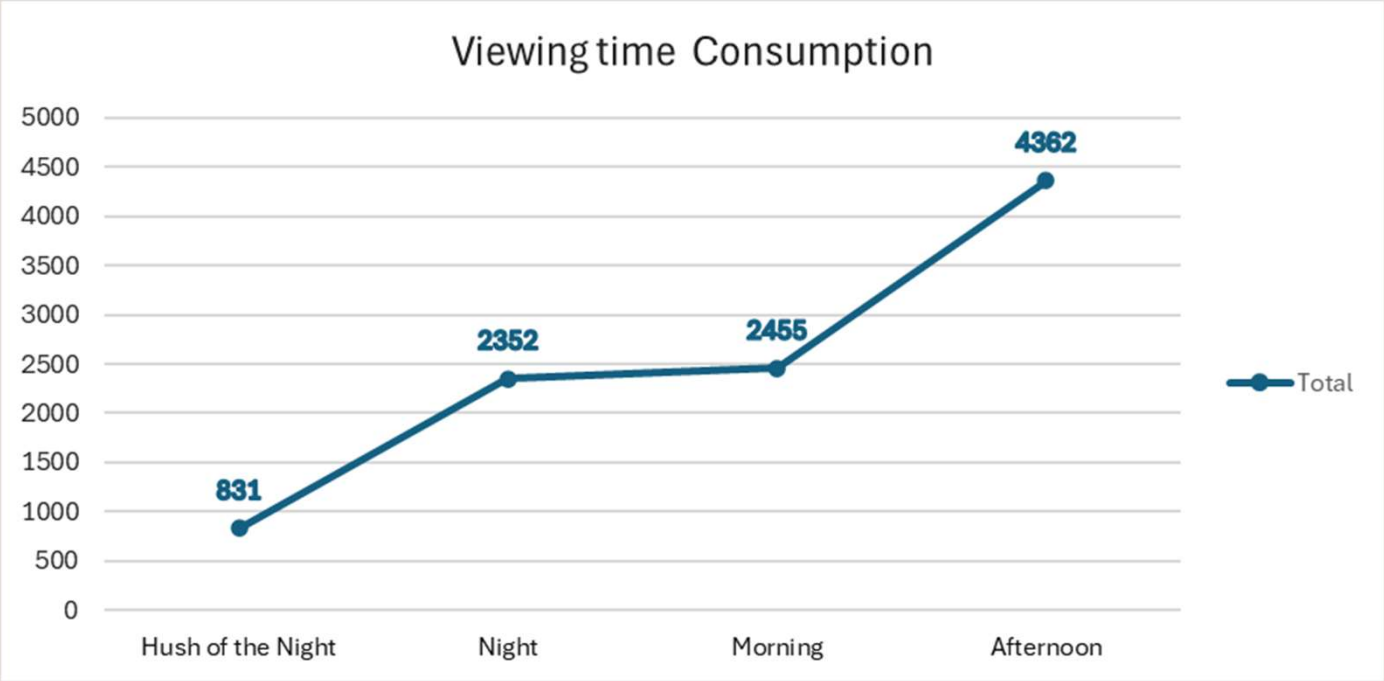
16 April 2026

Overview

This Presentation probes BrightTV user's and viewership data to identify key trends and opportunities to potentially grow the subscription support. BrightTV main focus is to understand users intreaction with BrightTV viewing platform and what viewers most enjoy watching.

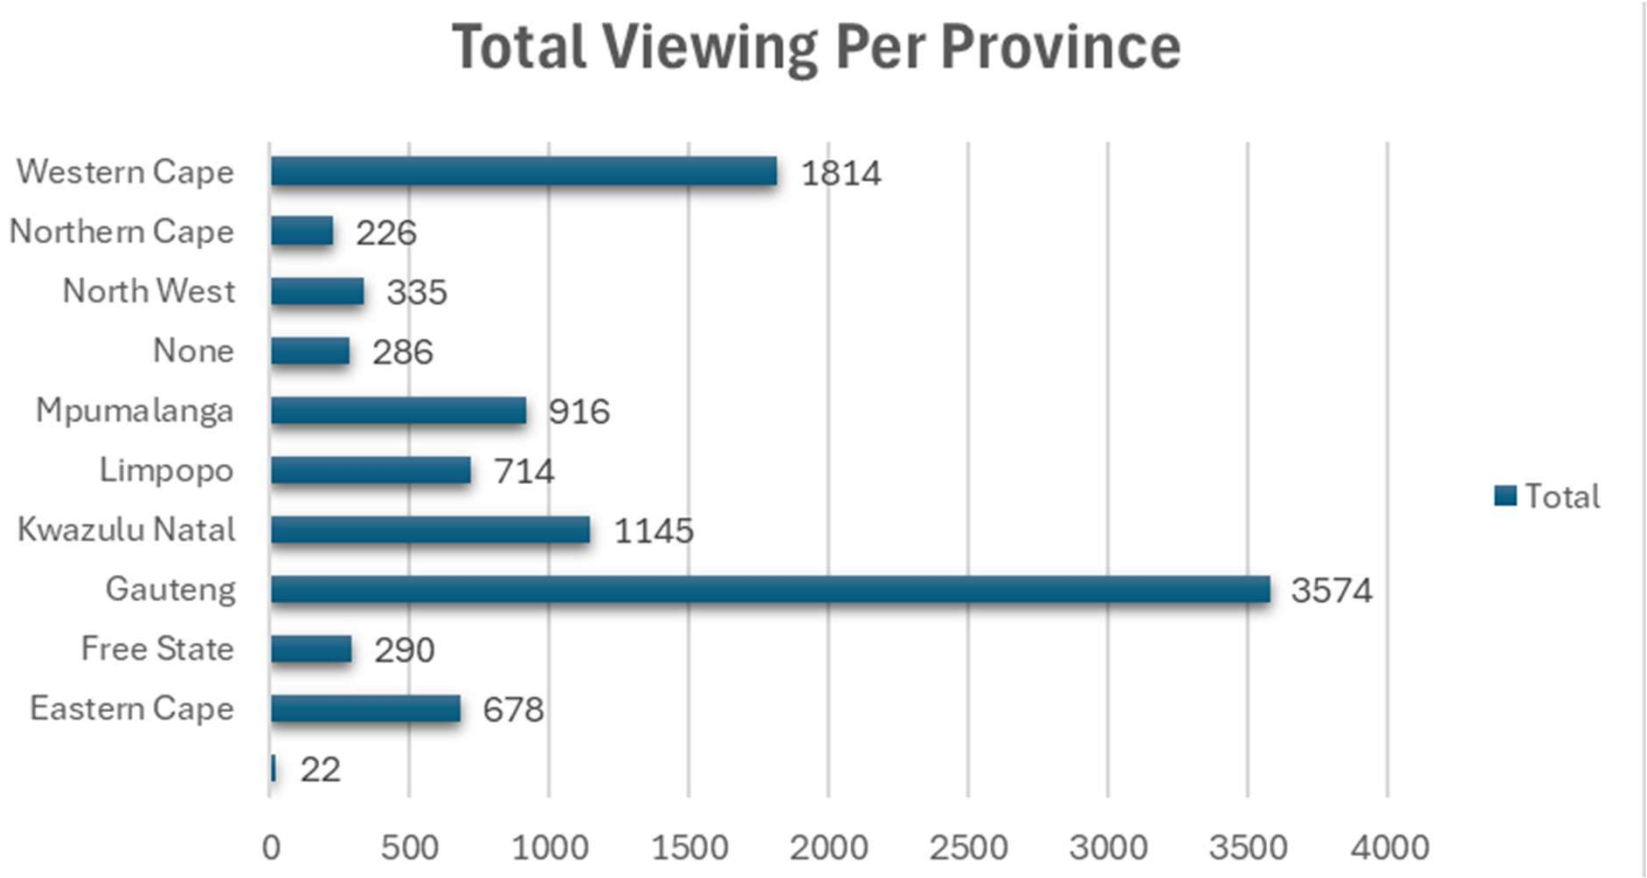
Exploring user trends, fourmulatng patterns of viewing engagement accross provinces, using gender grouos and race to determine key influence consumption, also identify low consumption of viewing.

Prime Time



Most watched prime time is from Morning to Afternoon ranging from 2455 to 4362

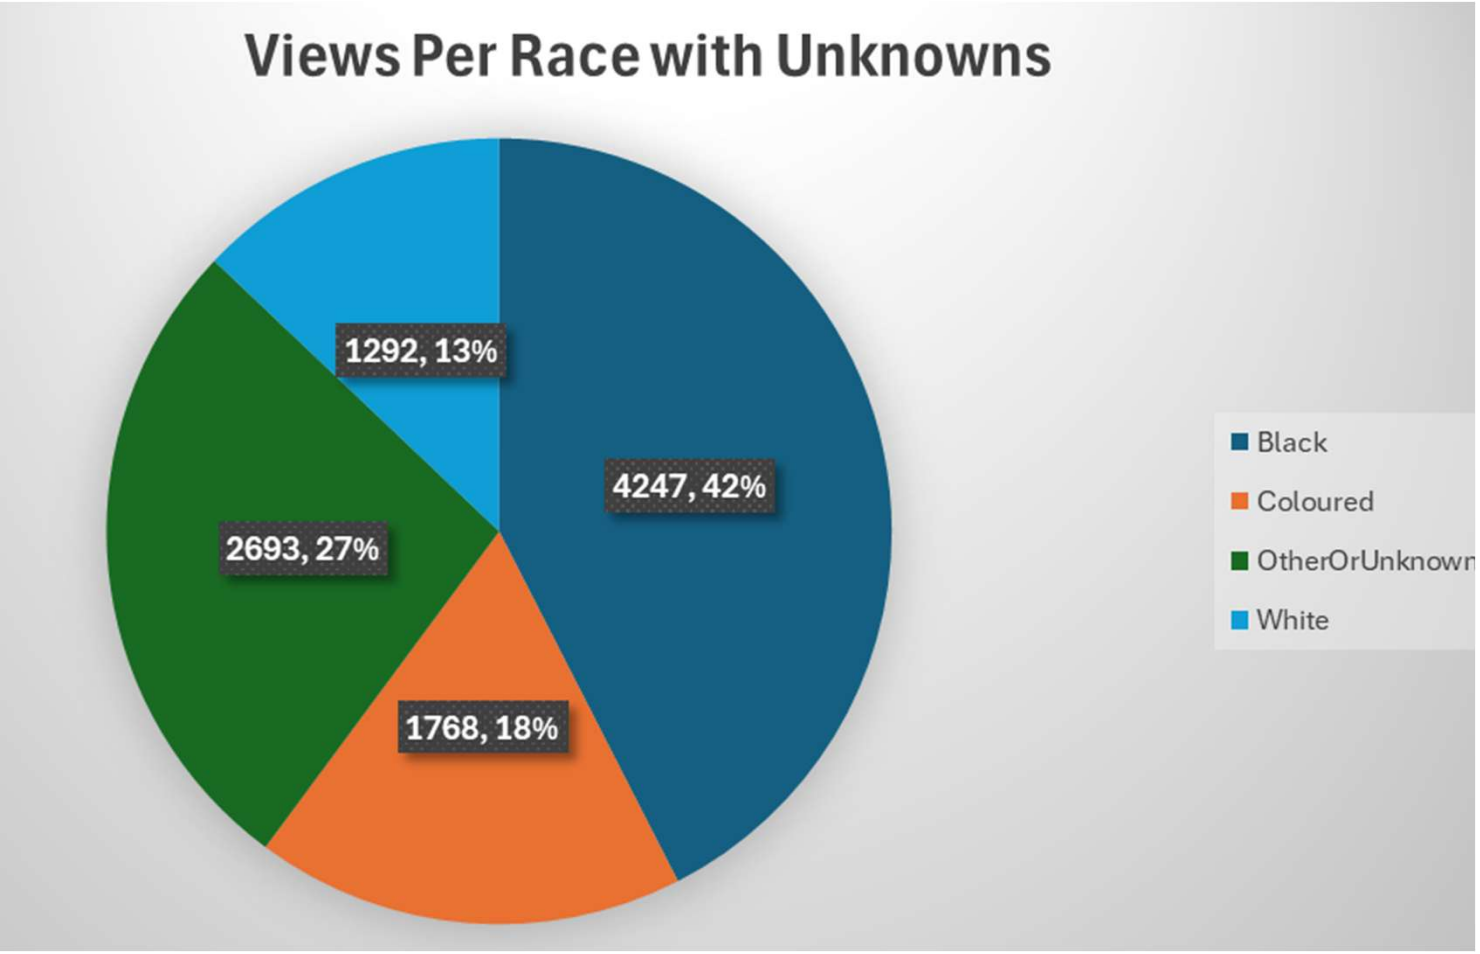
Where are the viewers?



Gauteng is the leading Province with more viewers, followed by western Cape and Kwazulu-Natal

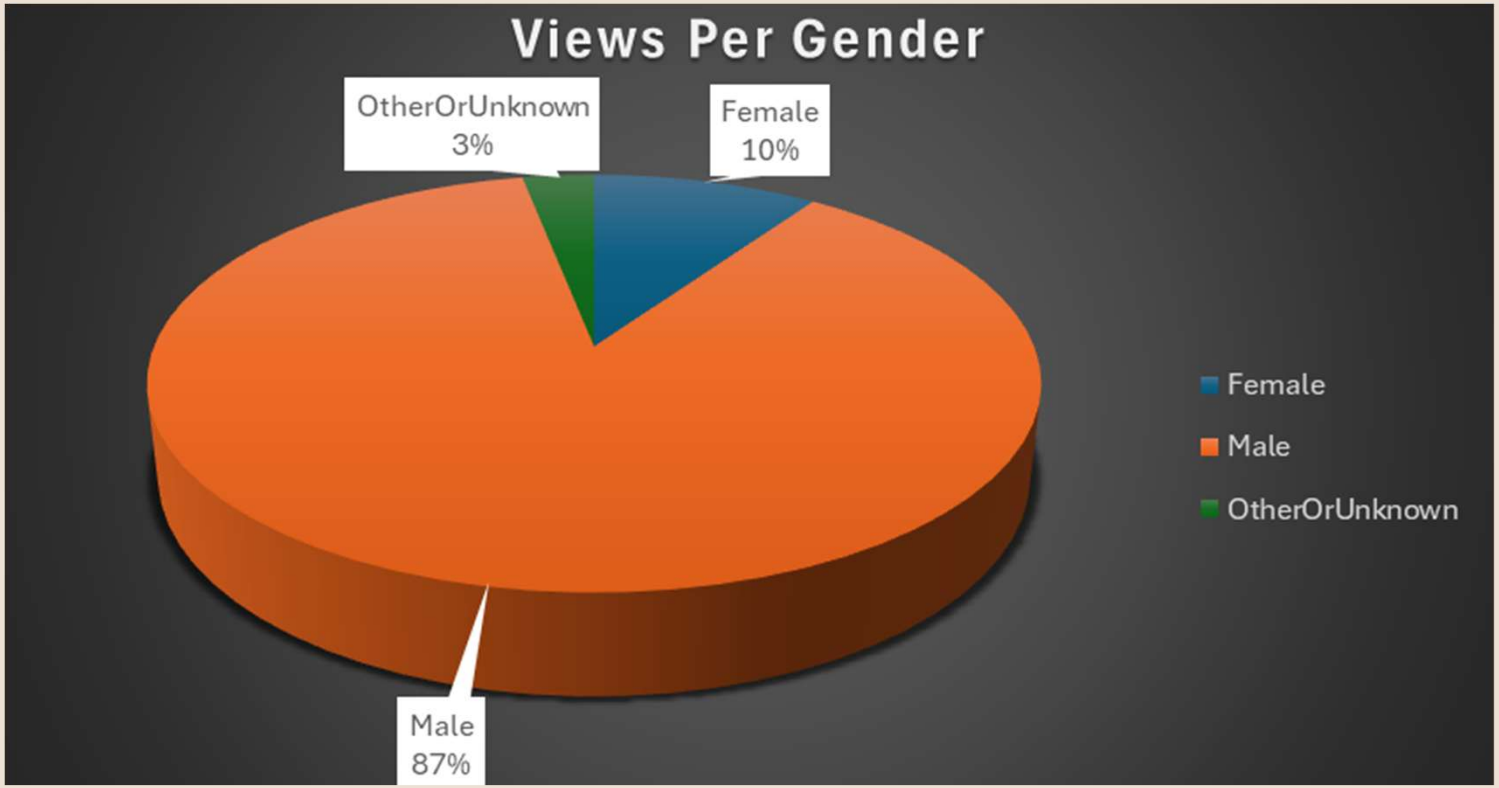
Nothern Cape, North West and Free State has the lowest viewing sessions per user.

Who is tuned in



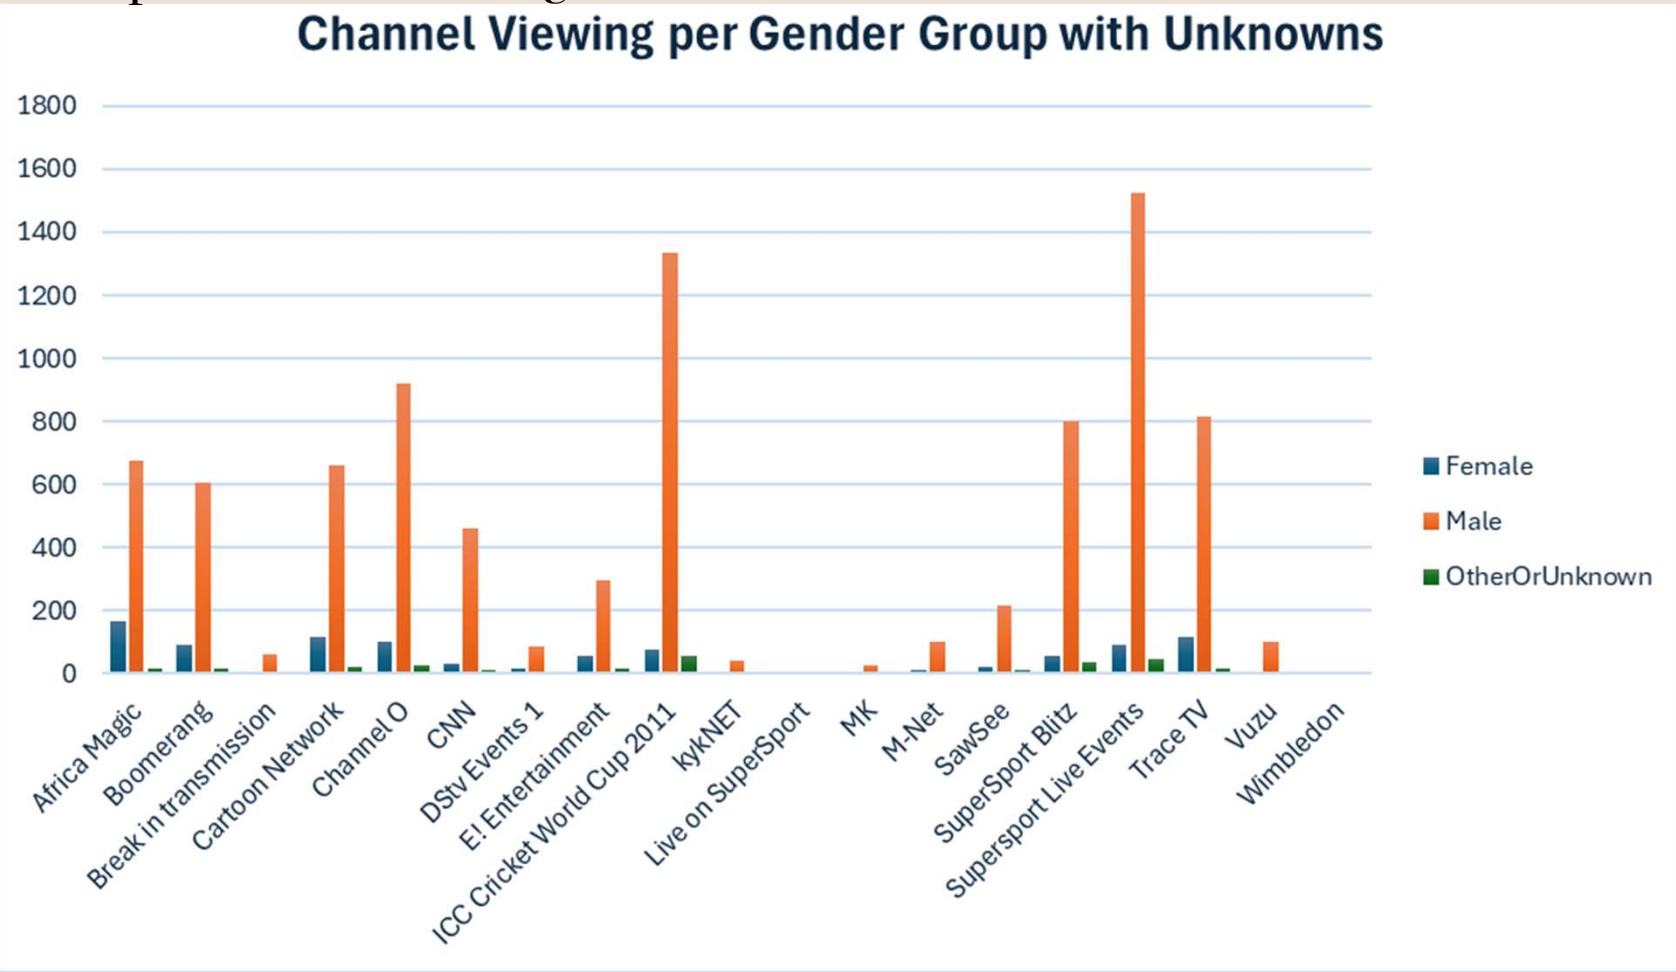
The analysis shows the Black race group have the most overall views 42%.

27% is the unkown populatio, if more shows are brought in during the afternoon segments this can heap viewers percentage up.



There is huge viewing of 87% male viewing session, brightTV has to push the 10% female viewing with lifestyle shows, reality TV, drama series or more female leading series shows. this can increase the 3% other or unknown viewers.

Views per channel with gender



Following from previous slide this shows that male watches more sport channel that any other chanel and female views series chanel and music chanel.

	Africa Magic	Boomerang	Break in transmission	Cartoon Network	Channel O	CNN	DStv Events 1	E! Entertainment	ICC Cricket World Cup 2011	kykNET	Live on SuperSport	MK	M-Net	Saw See	SuperSport Blitz	Supersport Live Events	Trace TV	Vuzu	Wimbledon
Weekend	274	214	24	273	275	140	33	127	419	12		9	34	78	258	544	296	39	3
Weekday	585	500	42	520	775	365	74	240	1046	33	2	23	82	177	638	1118	656	72	

Low consumption periods brightTV can implement catch up content hihligights and recaps have personlised viewings based on past viewing, push popullar shows during low periods
